India's street lights form a crucial component of the nation's investment on lighting and road safety. Launched in 2015, EESL's Street Light National Programme (SNLP) has been instrumental in replacing over 1.08 crore LED street lights across India, leading to energy saving of 7.28 billion kWh per year with avoided peak demand of 1,213 MW and estimated GHG emission reduction of 5 million t CO2 per year

ISA
International Solid State Lighting Alliance

Dear Mr. Venkatesh Divvela,

As the President of International Solid State Lighting Alliance (ISSA), it is my great pleasure to notify you, based on the judgment of distinguished Jury Panel and the decision of ISA Council of Management, Energy Efficiency Services Limited (EESL) have been awarded as the winner of

Global SSL Award of Outstanding Achievement 2019

in particular for
Policy and Application

I would like to take this opportunity to appreciate EESL on its significant contribution to the global SSL development and express my sincere congratulations. Being awarded the honor has approved worldwide acknowledgment of its great achievement.

We will announce the laureate publicly on the afternoon of November 20th at the opening ceremony of CERSA SSL 2019 in Shenzhen Exhibition Center, Shenzhen, China when the laureates will receive official certificates and medals issued by celebratory site. A printed special on this Award will be published and circulated by ISA at that day.

Please contact Ms. Zhao Jin (jinzhaosha@isa-world.org) at the ISA Secretariat to confirm your representative(s) who will attend the award ceremony before Nov. 07, 2019.

I sincerely congratulate you to win this award and I am looking forward to seeing you in Shenzhen.

Yours Sincerely,

Jianlin Cao
