IIID-DRC Conference on Lighting

19th & 20th Sep 2014, Pragati Maidan, New Delhi

Lighting design is all about the strategic placement of light and matching the perfect light source to its intended function.

Designers today, recognize lighting as a key design element in architectural & interior design projects. New and emerging ideas have brought a paradigm shift in our understanding, thinking and usage of lighting, which is bringing about a change in the way we design lighting.

The Light + Design Conference presents renowned International and Indian Speakers who are experts in Lighting Design and will share their rich experience and introduce you to new technologies and future trends in Lighting and Lighting Design.
