**Sub: Special Invitation for Design Expert System for LED Lighting
on 5th October 2016 at Pragati Maidan, New Delhi**

Date: 01.09.2016

Dear Sir / Madam,

We are pleased to inform you that ELCOMA, an apex body of lighting manufacturers in India, is organizing Light India 2016 in cooperation with Messe Frankfurt, with Special focus on Smart Lighting for Smart Cities.

We have undertaken a research through our International association ISA (International Solid State Lighting Association) about Lighting Design Expert System to tackle designing issues on smart lighting. To share this research and technology with Elcoma contacts and stake holders, we have decided to hold a half day workshop on 7th October 2016, at Pragati Maidan during Light India 16 exhibition. You will get to interact with the experts in Lighting designing. As a part of designing, CLASP have prepared a street lighting designing tool which will automatically prepare designing of street light according to type of road, depth and length of the road.

You being an important stake holder in adopting the smart cities program and energy efficient lighting and play an important role in energy conservation and renewable energy are cordially invited to attend the Conference. There is no fee for Elcoma members, BIS members of technical committee, BEE, EESL and other Government & Professional Delegates. Just fill the Registration form and send it to us per return. Due to restricted seating of only 50 delegates, the registration will be done on priority basis.

In case you may feel that some other officials from your organization is also required to attend the workshop, you may forward this invitation to him/her for doing the needful. You may write to us for any query or details or visit our website www.elcomaindia.com.

The registration form is attached. Please fill up the form and send to us per return.

The brochure with speaker details is attached for your reference.

Looking forward to meeting you at the Conference

Yours truly

SHYAM SUJAN, Secretary General
